The VET Quality Framework

You are about to consider becoming a student in the process that can result in achieving an Australian nationally recognised qualification.

The Australian Skills Quality Authority (ASQA) is the National Regulator for Australia's vocational education and training (VET) sector. ASQA's functions include registering training providers as registered training organisations (RTOs) and recommending the registration of RTOs as CRICOS/ESOS providers who can enrol and provide nationally recognised training to overseas students who have Australian Student Visas.

The **Standards for Registered Training Organisations (RTOs) 2015** are the standards that ASQA uses to regulate vocational education and training.

The **Vocational Education and Training (VET) Quality Framework** comprises the:
Standards for Registered Training Organisations (RTOs) 2015

- Quality Standards
- Australian Qualifications Framework
- Fit and Proper Person Requirements (which, as of 2015, are part of the Standards)
- Financial Viability Risk Assessment Requirements, and
- Data Provision Requirements.

The **National Register** situated at www.training.gov.au is the national register of approved Registered Training Organisations (RTOs) for Australia's national training system.

As a Registered Training Organisation, **Humber College** adheres to this system and does all within its power to remain compliant. From time to time students will be surveyed and their cooperation will assist this organisation in remaining compliant.

ESOS Framework

Easy Guide to the ESOS Framework brochure

Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the Education Services for Overseas Students (ESOS) Act 2000 and the National Code 2018.

Humber College recommends that prior to enrolling at Humber College you visit the Australian Education International website for more information regarding the ESOS Framework. A description of the ESOS

Framework is available electronically at: <http://www.aei.gov.au/regulatory-information/Education-Services-for-Overseas-Students-ESOS-Legislative-Framework/ESOSQuickInformation/Pages/Default.aspx>.

Overseas Student Health Cover (OSHC)

The Australian Government requires overseas students and any dependants to obtain health insurance for the duration of their visit to Australia. Humber College can arrange health cover for you for the duration of your studies, after this time you will be responsible for renewing yours and your family's health cover before the expiry date. It is a condition of the Student Visa that you as a student are covered by Overseas Student Health Cover (OSHC) for the entire period of study in Australia. The health cover fees must be paid to Humber College with your tuition fees upon enrolment. The cost of your OSHC will be evident on your Enrolment Form and Letter of Offer.

Living in Australia

Accommodation

If you choose to rent, lease, live in or organise share accommodation, you should be aware of your legal rights and responsibilities. You can get most of this information from the Residential Tenancies Authority at <http://www.rta.qld.gov.au> where you will find information about *Renting* and *Your rights and Responsibilities*.

If you choose to rent or lease property, or share accommodation, you may be responsible for the notification and payment of utilities, reconnection and disconnection (electricity, gas, telephone, and water). When you leave a property, it is your responsibility to notify the utilities companies of your date of departure for finalisation of accounts. Before signing any contracts, make sure you understand the terms and conditions of each document.

Housing options include:

Home stay: While you study in Australia, you may choose to be accommodated with a host family. Staying with an Australian family is one of the best ways to introduce you to Australian culture and lifestyle. Please contact the International Student Support Officer (SSO) for more information. Prices range from \$110 – 270 a week.

Humber College acknowledges their responsibility and duty of care for overseas students, and the College has an agreement with a number of organisations for the provision of home stay services by host home stay providers in the local Brisbane area for students 18 years of age, or over.

Should the student have a complaint, grievance or dispute with the home stay provider, they should raise concerns with the SSO who will acknowledge the complaint within twenty-four (24) hours, and coordinate and resolve it with relevant officers usually within five (5) working days.

Hostel Accommodation: While you study in Australia, you may choose to stay at a hostel. Hostels usually provide you with your own room plus access to a shared bathroom, living and leisure areas. Some hostels provide meals, while others require you to cook your own meals. Prices range from \$80-\$135 per week and may have extra charges for appliances and a security deposit.

Renting and leasing property: While you study in Australia, you will need a place to live that may be your own rental apartment, flat or house. Rental and lease vacancies are found in local newspapers, the local real estate agency display windows and website www.realestate.com.au or within the Yellow Pages: <http://www.yellowpages.com.au>

Renting a property, like an apartment, flat or house means that you can have independence, are close to your place of study, can choose whom you live with, however you may need to buy (or rent) furniture and electrical products. If you rent or lease, the real estate agent will ask you to sign a contract (Tenancy Agreement or Lease Agreement) that is between yourself, the real estate agent, and the property owner. The contract will specify the length of time, usually six (6) to twelve (12) months that you will stay in the property; property description; price of rent or lease; price of bond or security deposit (usually one month's rent); and any special conditions. Make certain that the accommodation meets your needs and is affordable. The average price for a one-bedroom apartment, house or flat ranges from \$100 - \$280 per week; or \$250 - \$500 per week for two (2) to three (3) bedroom accommodation.

A bond or security deposit is usually equal to one month's rent and is paid to the real estate agent or owner in case you don't fulfil your responsibilities. When you vacate the property, leave it in reasonable condition, and fulfil all rental or lease obligations the bond or security deposit will be refunded to you.

Share accommodation: Shared accommodation is usually arranged after you have arrived in a local area. It is usually a rental arrangement between yourself, the person who has signed the contract (Rental or Lease

Agreement) and approval from the owner and real estate agent. The price of shared accommodation depends on the size and number of people sharing the property. In a shared apartment, flat or house each person usually has their own bedroom and shares the bathroom, kitchen and living areas with others. You will need a budget of \$250-\$370 per week for accommodation, food, utility accounts, transport, and personal goods. The price of these items varies – share accommodation (\$70-\$250), food (\$80-\$120 either purchased for your own use or shared with others), and utilities (electricity, telephone, internet/ broadband subscription etc.).

Cost of Living

In Brisbane, the cost of living is generally lower than most capital cities in Australia. Brisbane caters for a diverse range of lifestyles, which can be enjoyed on a student budget. An international student would need to allow an estimated AUD\$18,610 per annum for basic living costs if not sharing accommodation. Costs can be reduced by sharing with friends and budgeting carefully. The table below is only a guide and the figures only provide an estimate. Items such as car costs, tuition fees, and entertainment and internet charges are not included.

Weekly expenses - Per person based on a 2-bedroom shared unit*			
Rent	\$150	Electricity (\$150 per quarter)	\$10
Food (own cooking)	\$80	Mobile Phone	\$15
Public Transport	\$20	Educational (photocopies, disks, etc.)	\$10
TOTAL EXPENSES			\$285

*All prices quoted are only a guide and they are current as of November 2018. Please refer to <http://studyinaustralia.gov.au/Sia/en/Studycosts/LivingCosts> for further information.

Establishment costs

Establishment Costs based on 2-3-bedroom houses			
Temporary accommodation e.g. Backpackers (\$20/night for 4 nights)	\$80	Rent (2 weeks rent in advance - \$400 shared between 2)	\$200
Incidentals (transport & food in your first week)	\$200	Electricity bond (\$80 shared between 2)	\$40*
Bond (4 weeks rent, \$1000 as above, shared between 2)	\$500*	Basic used furniture, linen & crockery	\$300
TOTAL EXPENSES			\$1320

You will also need to consider the one-off expense of establishing a home and other incidental expenses (e.g. textbooks, medical, clothing, recreation, entertainment, visas renewals) so it is advisable to budget for an extra AU\$1500 -- \$2000 per year.

If school-age dependants accompany a student to Australia, the school-aged dependant's education will be at full fee if they are enrolled in either a public (Government) or private school. Banking

The four main Australian banks are Commonwealth Bank, Australian and New Zealand (ANZ) Bank, National Australia Bank (NAB), and Westpac. Banks, credit unions, Automatic Teller Machines (ATM) with cash dispensing and deposits 24 hours seven days per week (24/7), and Electronic Funds Transfer Point of Sale (EFTPOS) are located for the convenience of customers in shopping centres, supermarkets, and fuel stations. Bank hours vary, however normal trading hours are:

Banks: 9.30am – 4.00pm Monday to Thursday, 9.30am – 5.00 Friday

(Some banks are now open till noon on Saturdays at major shopping centres.)

Building Societies: 9.00am – 5.00pm Monday to Friday, 9.00am – 12.00 noon on Saturday.

Check with your Bank or Building Society to confirm trading hours.

Credit unions are cooperative banks in which each account holder has shares in the credit union. When you open a bank or credit union account in Australia you need to provide your Tax File Number, and proof of identity. In order to meet the proof of identity fully, you need 100 points worth of identifications such as original passport, birth certificate, health insurance card, student identification card, driver's license, or identity card from your home country. Bank and credit union accounts have variable fees for account keeping, money changing, and money transactions. It is important for you to understand these fees and know when the fees will be debited from your account.

There are two basic types of accounts:

1. Savings and cheque accounts – provides you with a cash card for use with ATM and EFTPOS facilities and a cheque book (if cheque account).
2. Investment accounts – provides a place for large amounts of money, for example tuition fees. These accounts pay higher interest rates than everyday accounts and do not usually have cash and card access. Some investment accounts require prior approval to access funds and you should enquire with your bank.

For convenience, find a bank that is located close to your place of study, work or home.

Employment and associated information

If you hold a Student Visa and would like to work, prior to starting you must have a DHA approved Work Visa, and a Tax File Number from the Australian Tax Office. You can apply for a work visa and should receive it within 24 hours.

Tax file numbers are used by the Australian Tax Office to identify people when they pay tax. You do not have to have a Tax File Number (TFN) if you do not want one. However, any income you earn (including interest on your bank account) will be taxed at a higher rate than when you had given your Tax File Number to your bank or employer.

You can apply for a Tax File Number online: www.ato.gov.au or by filling in the form and posting it. The form can be obtained at a local newsagency or the College International Student Office. Follow the instructions on the form and you will be issued with a Tax File Number normally within four (4) weeks. Keep your Tax File Number in a safe place and do not disclose it to anyone other than your employer or bank. The Australian Tax Office provides information on taxation and superannuation issues. Applying for a Student Visa

Humber College welcomes overseas students who are over the age of 18.

If you wish to apply to Humber College but you aren't an Australian citizen, Australian permanent resident, New Zealand citizen, or holder of a permanent humanitarian visa, you are considered to be an overseas student and you must apply for an overseas Student Visa from an Australian Embassy in your home country before leaving for Australia.

At times the visa application can be a lengthy process, so you should make your visa application early to ensure that you are able to begin your studies at Humber College on the commencement date.

Visas usually last for the duration of your course and often have the condition that you leave the country on the completion of your course. More information regarding visas and studying in Australia can be found at www.studyinaustralia.gov.au or www.homeaffairs.gov.au.

Once you have accepted your offer of a place at Humber College you can apply for your Student Visa. To do this you will need to take the following information to an Australian Embassy or Education Agent in your home country:

2. An electronic Confirmation of Enrolment (COE) from Humber College
3. A Medical Check-up and X-ray, if required
4. Good character declaration
5. Proof of financial support, as required by legislation

After your Student Visa has been granted, you are required to provide Humber College with a certified copy of your Student Visa or your electronic Visa.

NOTE: You cannot commence any course with Humber College unless you have the correct Visa.

Humber College protects student fees through the establishment and maintenance of a separate holding account for student fees paid in advance. Fees are also protected through the establishment and maintenance of the Australian Government's Tuition Protection Service www.tps.gov.au/Information/Students/How.

Refer to the Refund Policy of Humber College within this Student Handbook for details of all fees, charges and refunds.

Course fees

Unless otherwise advised fees:

- will be payable in Australian currency (\$AUD).
- do not include the cost of individual textbooks (unless stated), stationary, consumables, tools, photocopying or scanning.
- reflect the content of the course and the award, not the duration; therefore, there is no automatic reduction of tuition fees if you complete the course in a shorter time than the published length of the course.
- may be reduced or refunds maybe granted only if a student is granted sufficient RPL or Credit Transfers such that the course is completed in a shorter than normal time.

PLEASE NOTE: Granting of RPL (Recognition of Prior Learning) or Credit Transfer may impact on Student Visa conditions.

Sundry Fees

Variation to tuition fees

Should the student complete the course in a period less than that stated in the Letter of Offer and Course Acceptance form, instalment amounts may alter. Should the student require a period greater than that stated on this offer to complete the course, he/she will be subject to additional fees.

Payment

Humber College reserves the right to cancel a student's enrolment if fees are not paid on time. Students will not be allowed to commence or continue studies until all fees due are paid. This includes any OSHC, late fees and administration charges. Students will also need to ensure they have paid all accommodation booking fees or airport reception fees to any other contractors before commencing their studies with the Humber College.

Continuing students must pay all fees on or before the due date. Non-payment of fees is considered as misbehaviour by the College and is the grounds for cancellation of your enrolment under our Deferment, Suspension and Cancellation policy.

Payment by electronic funds transfer

If you pay by electronic funds transfer, your bank may charge you a transaction fee for the use of this facility. Please check with your bank and include the fee in the amount when paying, as Humber College is not liable for these fees.

When tuition fees are paid by electronic funds transfer (EFT) payment needs to be in Australian currency (\$AUD) and received efficiently and credited correctly. Please follow these steps:

1. Sign the Student Declaration of Acceptance in the Course Acceptance form and return it immediately to the College. Once the College has received your signed Declaration of Acceptance, we are then able to receipt your course tuition fees.
2. Pay fees into the following account:

Please Note: Your Declaration of Acceptance (contained in the Course Acceptance Agreement Form) must be received on or before we can access your fees and issue a CoE. Humber College cannot confirm your place until the Declaration of Acceptance and fees have been processed.

Payment Plan

Once you have fully paid your 1st and 2nd fee payments, the College may negotiate a payment plan with you for the remainder of your tuition fees. This will be recorded in a Payment Plan Agreement and must be approved by management. Once approved, you will receive a copy of the agreed payment plan and a copy will be placed in your file.

If you fail to meet any payments as they become due, the College will contact you by text or telephone when you will have the opportunity to renegotiate the plan. If there is no response from you, your enrolment will be immediately cancelled for non-payment of fees under our Deferment, Suspension and Cancellation policy.

Mode of Study

Full-Time (20+ hours per week) study incorporating flexible and classroom delivery along with practical/ hands-on tasks where required.

Attendance includes scheduled classes, course related information sessions, supervised study sessions, distance learning and assessment. Student are scheduled to attend 20 hours per week study as part of their Student Visa requirements.

Students have use of College facilities including spacious training rooms that are equipped with whiteboards.

Recognition of Prior Learning (RPL)

The term "recognition processes" refers to assessment processes that enable recognition of competencies currently held, regardless of how, when or where the learning occurred. Under the Standards for Registered Training Organisations (RTOs) 2015, competencies may be attained a number of ways. This includes through any combination of formal or informal training and education, work experience or general life experience. In order to grant recognition of prior learning the assessor must be confident that the candidate is currently competent against the endorsed industry or enterprise competency standards of Training Packages or competency outcomes specified in Australian Qualification Framework (AQF) nationally recognised courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

Knowledge and skills can be acquired in a variety of ways:

- Through a formal learning process, such as attending school or completing a short course,
- Through work experience, such as being taught on the job how to do something or though
- Life experience or personal experience, such as a hobby or experience at home.

There are no limits on where or how the student acquired the skills.

Humber College has an established RPL process. Applications for RPL MUST be made before the commencement of a course. For further information please contact the College. The RPL fee will be charged at the usual cost of the unit of competency.

Credit Transfer (CT)

Credit Transfer is credit towards a qualification granted to students on the basis of outcomes gained by a national training package qualification with another Registered Training Provider in accordance with National Recognition policy requirements. Humber College has an established Credit Transfer process.

Exemptions will only be granted for those students who can show that they have successfully completed other studies. For credit transfer these studies must be the same or the equivalent to the unit of competency that the student is applying for CT for. Application can only be made with documentation translated into English.

Exemptions are applicable only to the course in which the student is enrolled at the time of applying for exemptions. If a student changes courses, exemptions granted will be reassessed to ensure that they are still appropriate.

Applications for Credit Transfer MUST be made before the commencement of a course. For further information please contact the College. There is no fee for credit transfers.

Applying for Credit Transfer may decrease the duration of your course and may impact on your Student Visa.

National Recognition

All AQF Qualifications and Statements of Attainment issued by other Registered Training Organisations will be fully recognised by Humber College.

Students enrolling in Humber College courses will be able to use their existing qualifications issued by other RTOs as Credit Transfer, provided that the Credit Transfer complies with the Packaging Rules for the qualification being sought. An example may be that of a Certificate III qualification. Units of competency within the Certificate III qualification may be able to be used as Credit Transfer for a Certificate III course offered by Humber College, effectively reducing the duration of the Certificate III course.

RTOs are not obliged to issue any certification that would be entirely comprised of units or modules completed at another RTO or RTOs.

Language, Literacy, Numeracy

Assessment of core LLN skill levels identifies an individual's skill levels. This individual assessment can then be compared with the LLN levels required of a training program (or unit or qualification), or workplace tasks. The person may be a new entrant to the training sector or may be following a training pathway to a new course or qualification.

Language relates to the words, verbal structures and gestures we use to convey meaning. This includes communication forms such as speaking, listening, reading, writing and visual communication (such as the Australian sign language – AUSLAN). Language also encompasses broad groupings, such as English, Mandarin, Warlpiri, and industry-specific jargon, acronyms and technical references. These can change and evolve over time. The value placed on the different communication forms of language will vary.

Literacy

Literacy means being able to read and use written information. It also means being able to contextualise your writing in an appropriate way. Literacy involves synthesising speaking, listening and critical thinking with reading and writing. Literacy skills allow us to interact effectively with one another. Literacy requirements change over time, so we need to continually adapt and extend our literacy skills.

Numeracy

Numeracy is the practical application of mathematical skills to absorb, use and critically evaluate information in numerical or graphical form. Numeracy skills include basic number skills, spatial and graphical concepts, the use of measurement and problem-solving. Numeracy and literacy are interlinked particularly when extracting mathematical information from written text.

Student Behaviour

Change of Student Contact details

As part of Student Visa requirements, students must advise the College of their current residential address and telephone number while studying in Australia. Changes to their personal details, residential address and telephone number must be provided to Humber College. This information must be reported by the College to the DHA (Department of Home Affairs), and Medibank (OSHC provider) within 5 working days after the change.

If students move, they **must** ensure they advise the International Student Office. Following are three (3) easy steps to follow to do so:

1. Complete the Change of Address Notification Form (available from reception)
2. Hand it to the International Student Office; and
3. Inform DHA of your change of address within 5 working days after the change.

If the Health Insurance Provider is not advised of students' current contact details, students may not receive important information about their health insurance cover. If the International Student Office is not advised of a student's current contact details, the student will be in breach of their Student Visa requirements and may not receive their academic results.

Dress Code

Dress requirements are neat casual or business attire. Please note that shorts and thongs are not considered suitable attire. Cookery students must wear their full uniform when in the kitchen.

NOTE: If you are studying business, come dressed for business, as if you are applying for a business based job. You will be surprised how much this will improve your state of mind and learning environment.

Non-payment of fees

Failure to pay their due fees will be regarded as misbehaviour by the student and their enrolment will be cancelled by the Humber College. Before cancelling enrolment, Humber College will send a Notice to Suspend/Cancel letter and the student will have 20 working days from expected receipt of notification to apply against the cancellation decision by Humber College

Behaviour on Campus

Our organisation strives to achieve the following "basic principles" of interpersonal behaviour:

- To be focused on the situation, issue or behaviour, not on the person.
- To assist in maintaining the self-confidence and self-esteem of others.
- To maintain constructive relationships with all staff and fellow students.
- To take the initiative to assist in making things better.
- To always lead by example.
- To always respect the property of Humber College, staff and fellow students.
- To refrain from using inappropriate language with the understanding that to do so will not be tolerated.
- To always turn off mobile phones during classes
- To refrain from consuming food or drinks in non-designated areas at Humber College. Water bottles in classrooms are acceptable.
- Turn up on time! - Coming to class late is considered extremely rude in Australia. For instance, if you have a 9am class, be in the College ready to start no later than 8:55am.

When you arrive late, this disadvantages you, but it is also an inconvenience to your trainer and especially your fellow students. If you are running late for a class (or appointment) it is customary to call ahead and advise prior to the starting time. Do not make this a habit.

Every staff member and student should hold every other staff member and fellow student responsible for living up to these principles at all times.

Theft

As the premises of Humber College are open to the public, students are advised not to leave their valuables unsupervised. Humber College cannot be held responsible for anything which may be stolen from its premises.

Smoking

Humber College premises (including classrooms, toilets, and general office areas) are smoke free zones. If students wish to smoke, they should do so outside the buildings in designated smoking areas.

Discipline

Students are expected to respect other students, staff and property so that learning and teaching can take place freely, safely and without impediment due to the misconduct of others.

Humber College will make all attempts to provide its training and assessment services in a spirit of co-operation and mutual respect. There are times however when a disciplinary action must be taken to ensure the safety and wellbeing of all students and staff.

Examples of when disciplinary action may be required to be taken include when a student:

- Brings onto, or consumes on the premises, any drug of addiction or dependence (except drugs prescribed by a qualified medical practitioner).
- Brings onto or consumes on the premises any alcohol.
- Exhibits any form of behaviour that is adversely affected by the influence of drugs or alcohol.
- Damages or removes any property or resource belonging to Humber College or any training venue hired by Humber College.
- Assaults (physically or verbally) any person or persons on the premises or any training venue hired by Humber College.
- Fails to comply with any instructions given by a member of staff relating to the safety of any person or persons on the premises.
- Exhibits any form of conduct whilst on the premises that is considered to be aggressive, disorderly, disruptive, harassing or interferes with the comfort, safety or convenience of any person who is acting lawfully and entitled to be present.
- Enters any part of Humber College's premises or any other place to which students have access for the purpose of tuition, when not entitled to do so, or having entered, refuses to leave said premises.
- Contravenes any rules or acts; either those of Humber College or the Training campus.
- Prejudices the good name or reputation of Humber College or the Training campus.
- Prejudices the good order and governance of Humber College or Training campus or interferes with the freedom of other people to pursue their studies, carry out their functions or participate in any Humber College or Training campus activities.
- Fails to comply with conditions agreed in the contract.
- Refuses to identify him or herself when lawfully asked to do so by an employee of Humber College or Training campus.
- Fails to comply with any penalties imposed for breach of discipline.
- Misbehaves in a class, meeting or other activity under the control or supervision of Humber College or Training campus, or on Humber College or Training campus premises or other premises to which the student has access to as a student of Humber College.
- Obstructs any member of Humber College or Training campus in the performance of their duties.
- Act dishonestly in relation to admission to Humber College.
- Knowingly makes false or misleading representation about things that concern the student as a student of Humber College or breaches any of Humber College's or Training campus rules.
- Alters any documents or records.
- Breaches any confidence of Humber College or Training campus.
- Misuses any facility in a manner which is illegal, or which is or will be detrimental to the rights or property of others. This includes the misuse in any way of any computing equipment, communications equipment, processing or production equipment or any other property that the student has access to as a student of Humber College while acting as a student of Humber College.
- Steals, destroys or damages a facility or property of Humber College or Training campus or damages any other property that Humber College may be responsible for.
- Non-payment of fees.

If the student admits to alleged misbehaviour the PEO of Humber College may impose one or both of the following:

- The student will be charged for any equipment that is damaged, lost or stolen.
- Temporary exclusion from Humber College.

The PEO of Humber College may impose the penalty of permanent exclusion from Humber College in the case of physical or verbal abuse of students or staff or any other person associated with studying at Humber College. Permanent exclusion can also be imposed if the student behaves in a manner that demonstrates repeated or severe misconduct or in the case of any criminal acts and for non-payment of fees.

Humber College will report all criminal acts committed by its students to the relevant authorities.

When disciplinary action is taken for student misbehaviour, the PEO will notify the student of the reason for the action.

- A verbal warning will be given to the student and documented on the individual file.
- Where the behaviour continues after the verbal warning, the PEO will counsel the student and a written Student Behaviour Warning letter will be provided to the student. A copy of this letter will be noted and kept on the individual file.
- Students will take part in an intervention strategy to address the issues raised.
- In the event that the behaviour continues beyond the written warning and intervention strategy, the student will be removed from the training program. Notification of removal will be made in a Notice to Suspend/Cancel Warning letter and a copy will be placed on the student's individual file.
- The student is advised they have 20 working days from expected receive of written notification in which to appeal.
- DHA will be informed subject to any internal appeal.

If a student wishes to express a complaint in relation to the disciplinary action taken, they have the opportunity to follow the College's Complaints and Appeals processes.

Humber College expects that students will maintain a professional and ethical working relationship with all staff, management and other students. Any breach of our disciplinary standards will be discussed with the Trainer and the PEO and the appropriate action will be taken.

Notification and Appeal

Students will be notified in writing of penalties as a result of general misconduct. The grounds for appeals are as follows:

- Procedural irregularity and/or
- Factual errors on which the decision was based, and which were of such magnitude as to invalidate the decision.

Appeals must be lodged in writing using the Complaints and Appeals form to the International Student Support Officer of Humber College within 20 working days of the date of the student being notified of the decision. The appeals process will commence within 10 working days from the date of receipt the student's appeal.

Academic Misconduct

The PEO will deal with any dishonest assessments/examinations. Dishonest assessments/ examinations include collusion, plagiarism or cheating including:

- Deliberate copying or attempting to copy the work of other students.
- Using or attempting to use information prohibited from use in that sort of assessment.
- Submitting the work of another student as their own.
- Plagiarism (i.e. taking and using as their own, the thoughts and writings of another with the intent to claim the work as their own).
- Consulting with peers throughout formal assessments. Two verbal warnings will be given before cancelling the assessment and the student will be marked NYC.
- Using notes during a closed book test
- Working with others on an assessment which is not group based
- Submitting work that has been copied from another source (e.g. a book, website, magazine article, or a former student)

Where it is found that a student has taken part in dishonest practices (or has helped another student to use such practices) in an assessment, this constitutes misbehaviour. The College reserves the right to disallow the work and to award a result of NYC for the unit, and to suspend or cancel the enrolment of the student under the College's Deferment, Suspension or Cancellation policy.

Students involved in any of the above will be set a new examination/assessment and will be counselled by the PEO. A fee of AUD \$200 will be charged to the student and must be paid prior to the re-sit. Further occurrence of academic misconduct will be recorded on the student's file and suspension/ dismissal will be at the discretion of the PEO.

Training and Assessment

Learners are advised of the training and assessment requirements by their trainer (face-to-face), or as outlined in the learner workbooks. Assessment is structured throughout the course. If learners are unable to achieve competency, additional support is provided through mentoring and access to re-assessment as outlined in the College's Assessment Re-Sit Procedure.

Assessment Methods

Depending on your course, study and assessment will be in a classroom with practical sessions delivered in simulated and real-life working environments.

Methods of assessment will be conducted for each competency. Some of the methods are:

- *Observation:* where the student will be observed performing a series of tasks a number of times to determine their competency.
- *Written and Verbal question and answers:* when the student will be questioned to determine the depth of their understanding of the process to ensure that they are competent.
- *Written assessment:* In this instance the student will be given the opportunity to demonstrate their competency through written reports and assignments.
- Other methods include case studies, projects, 3rd Party Reports and Activities

All assessment tasks must consider any language and literacy issues or cultural issues related to the task.

Once competency is achieved in **all** the performance criteria for a unit, candidates will be marked **C** for **Competent**; if not they will be marked **NYC** for **Not Yet Competent**. Students concerned about their results should refer to Humber College's Assessment Appeals Procedure and Assessment Resit Procedure.

Assessment requiring observation by the assessor will be based on the following criteria:

1. Student must be able to competently perform the skill over a period of time and in different contexts.
2. Observation checklists will be used by the assessor to identify and record student performance.

Assessment requiring essay or report writing will be based on the following criteria:

1. *Answering the Question*
 - a. Students must address what the question is asking. Look for key words that indicate how the question is to be approached and the information that is to be included. Sequence the answer to appropriately develop logical arguments.
2. *Referencing*
 - a. Any quotation or content that has been obtained from published sources must be referenced. This must be done at the end of a quotation and extended in the bibliography.
3. *Accuracy of Spelling, Grammar and Punctuation*
 - a. Accurate spelling, grammar and punctuation will ensure the trainer can correctly interpret what is written. Students should use the tools available (dictionary, thesaurus, spell-check on computers etc.) and must proofread before handing in.

All assignments must be the individual's own work. Trainers are responsible for ensuring that any "suspect" assessments are thoroughly scrutinised. Any irregularities will be reported to the PEO and dealt with accordingly. Students should keep a copy of their assessments.

Format

- Cover sheet
- Use one side of page only
- Assignments to be word-processed*
- Double spacing to be used
- Use correct format, i.e. essay or report format, appropriate headings
- Bibliography

**NB: Exception allowed where students are unable to access appropriate equipment. Hand written assignments must be neat and legible.*

Due Date Information

The trainer will advise students of the final date for the receipt of an assessment when the assessment is handed out. Assessments will only be accepted after this date in case of illness (doctor's certificate must be provided) or other exceptional circumstances (at the discretion of the trainer).

Assessment Re-sit Fees

Summary of Re-Sit Charges	
Student did not attend original assessment or is found cheating or plagiarising	\$200 1st re-sit fee
Student was not competent at 1st attempt	2nd attempt – free
Student was not competent at 2nd attempt	3rd attempt - \$100
If any student is still not competent after their 3rd attempt they must re-enrol and repeat the unit.	

Assessment Appeals Procedure

If a student wishes to appeal his/her assessment result, he/she must first discuss the issue with the Trainer. If the student wishes to proceed with the appeal then the student should complete an appeals application on the Appeal against Assessment Decision Form. Please note if students want to appeal against assessment results they must apply within (5) working days of their assessment results.

All appeals are recorded in writing, and the results of the appeal process will also be communicated to the student in writing including reasons for the decision made.

The appeals process will allow for the student to formally present their case and will also allow for the appeal to be heard by an independent person or panel if requested. A copy of this communication will also be kept on file, both on the Complaints and Appeals Register and, in the student's, individual file.

Grounds for Appeal against Assessment Decision

An application for appeal will be considered where a student claims disadvantage because:

- The Trainer did not provide a subject outline.
- The Trainer varied without consultation or in an unreasonable way the assessment requirements as specified in the subject outline.
- Assessment requirements specified by the Trainer were unreasonably or prejudicially applied to him or her.
- It is believed that a clerical error has occurred in the documenting of the assessment outcome.
- There appears to be a discrepancy between the practical observation and the formal assessment.
- Work handed in on time was not marked.

If the appeal for re-assessment is upheld Humber College will make all necessary arrangements to conduct the re-assessment of the student at a time that is mutually convenient for all parties concerned, and if required the appeal will be heard by an independent person or panel.

All appeals are recorded and reviewed at Management meetings. Refer to the Complaints and Appeals Policy and Procedure for further details.

Issuing of Qualifications

Students must be assessed competent in all units of competency before being issued a qualification (Certificate/Diploma/Statement of Attainment) for the course in which they are enrolled. Students will only be issued a qualification within 30 days of completion of their course. Humber College will issue each student an interim academic transcript if requested by any student at the end of each term, final record of results will be issued at the end of the course.

Unique Student Identifier (USI)

All students must apply for a Unique Student Identified (USI) when they commence training in Australia. This ensures all qualifications completed by the student are recorded on a national database. The College cannot issue a Certification to any student unless they hold a USI.

NOTE: Your Unique Student Identified (USI) is *different* from your Student ID card.

Your Student ID Card is issued by the College and identifies your student number. It also can be used for discounted use of public transport.

Your USI is issued by the Australian Government and must be kept private. It is linked on a national database to the qualifications you complete while studying in Australia so that you will always have a record of what qualifications you have completed.

Student Training Records

Humber College has in place a policy and procedure for the collection, storage and protection all the training records of individual students to meet training and assessment activity requirements.

Important Policies and Procedures

Monitoring Course Progress

Policy

As directed by the National Code of Practice (2018), Humber College is required to monitor students' academic performance. Humber must monitor the course progress for each student for the course in which the student is currently enrolled. Students' course progress is assessed during and at the end of each compulsory study period.

It is a requirement of the College that you must meet our course requirements by successfully completing a minimum of 80% of all assessment tasks given to you in a term (study period). Student will be reported to DHA if he/she fails to achieve at least 50% academic progress in two study periods

A study period at Humber College comprises of a number of subjects totalling a minimum and no more than 20 hours per week and delivered over an eleven-week (11) week period. Unsatisfactory progress is defined as not successfully completing or demonstrating competency for at least 50% of the course requirements in that study period.

Where a student does not meet course requirements for two (2) consecutive study periods they may be reported DHA that may result in the cancellation of the Student Visa.

Note: If a student is identified for a second, but not consecutive, study period as not making satisfactory course progress, the College is not required to report the student to DHA and the Intervention Strategy process will begin.

Procedure

In determining whether a student has achieved satisfactory course progress, the collection of assessment tasks for the unit/s for the current study period are graded as 'satisfactory' and 'unsatisfactory'. Competent (in a unit of competency) is granted when the student has demonstrated a 'satisfactory' result in all related assessment

tasks. 'Satisfactory' achievement is measured by the benchmarks contained in each assessment tool. The results are verbally communicated to the student via the assessor and the results are entered in to the VETtrak.

Following are steps that Humber College follow to implement the course progress policy:

1. Humber College assessors monitor, record and assess the progress of each student.
2. To demonstrate satisfactory course progress, students need to achieve competency in at least 50% of the units required to be undertaken in any 11-week study period.
3. The assessor advises the Training Manager in writing within 10 working days of the end of each study period if a student has failed to achieve satisfactory course progress.
4. In addition, all student results are entered into VETtrak student management system by administration within 10 working days of the end of each study period which also alerts the College of any unsatisfactory course progress.
5. The course progress of these students is reviewed and assessed within 15 working days of the end of each study period by the Training Manager.
6. Students who have begun part way through a semester will be assessed after one full 10-week study period.
7. The Training Manager begins and manages the Unsatisfactory Course Progress Intervention Strategy, outlined below.

Intervention Strategies

At Risk Intervention Strategy

This intervention strategy is designed to assist any student who is "At Risk" of not making satisfactory course progress:

1. Students who fail to demonstrate satisfactory performance in any assessment task will be identified via the assessment results feedback forms.
2. Student fail to attend the class or does not complete the assessment tasks of the unit will get the follow up phone call, SMS or email by the trainer.
3. The assessor will inform the Training Manager within five weeks who will immediately follow up with a phone call to the student to arrange a suitable time for the counselling session to occur.
4. If the student has not been contactable the Training Manager will forward a Notification of Course Progress at Risk letter to their current address within 5 working days.
5. The student will receive counselling either by discussing the issue over the phone or face-to-face counselling session with either/or the Training Manager and Student Counsellor and continue with their studies.
6. If the student fails to attend the counselling session, the At-Risk intervention strategy process will continue to apply until the end of the 11-week study period, when the Unsatisfactory Course Progress process will begin.
7. Documentary evidence of the intervention measures implemented are kept in each student's file if the student has attended a counseling session, otherwise in the Student Administration Electronic File in the Remarks Section if intervention strategies have been discussed by other means, e.g., over the phone.

Unsatisfactory Course Progress Intervention Strategy

1. The assessor advises the Training Manager in writing within 10 working days of the end of each study period if a student has failed to achieve satisfactory course progress.
2. In addition, all student results are entered into VETtrak student management system by administration within 10 working days of the end of each study period which also alerts the College of any unsatisfactory course progress.
3. Students who fail to achieve competency in 50% of units in an 11-week study period will receive an Unsatisfactory Course Progress Warning letter, initiated by the Training Manager within fifteen (15) working days of completion of the study period.
4. This letter informs the student that failure to gain academic success in two (2) consecutive compulsory study periods will lead to Humber College reporting the student to DHA for unsatisfactory course progress.
5. In addition, the student is asked to make an appointment with the Training Manager to discuss the following strategies best suited to remedy their course progress:
 - Attending a specialised academic skills program
 - Attending an additional tutorial or study group
 - Individual case management
 - Attending counselling
 - Assistance with personal issues which are influencing progress
 - Mentoring
 - Placement in a suitable alternative subject within a course or a suitable alternative course
 - English language support

- Access to catch-up classes
 - Reassessment
 - Combination of the above and a reduction in study load.
6. If the student fails to contact the College within five (5) working, the Training Manager will contact the student by phone or in person at the College.
 7. The student will receive counselling, preferably in a face-to-face counselling session with either /or the Training Manager, Student Counsellor and PEO, or, alternatively by discussing the issue over the phone.
 8. The student's individual strategy for academic improvement will be monitored over the following study period by the Training Manager.
 9. Documentary evidence of the intervention measures implemented are kept in each student's file if the student has attended a counseling session, otherwise in the Student Administration Electronic File in the Remarks Section if intervention strategies have been discussed by other means, e.g., over the phone.

If the student does not sufficiently improve academically and fails to achieve satisfactory course progress by the end of the next consecutive study period, Humber College will forward an Intention to Report Course Progress letter advising the student of its intention to report the student for breach of their visa conditions and that he/she has 20 working days from expected receipt of such letter in which to access the College's Complaints and Appeals process.

The student may appeal on the following grounds:

1. The College has failed to record or calculate a student's marks satisfactorily
2. Compassionate or compelling circumstances (documented proof is required), e.g.:
 - serious illness or injury, where a medical certificate states that the student was unable to attend classes
 - bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)
 - major political upheaval or natural disaster in the home country requiring their emergency travel and this has impacted on their studies
 - a traumatic experience which could include but is not limited to involvement in or witnessing or being involved in an accident or crime (police/medical report required).
3. The College has not implemented its formal intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.

The College will maintain the student's enrolment while the internal or external appeals process is ongoing.

The College will notify DHA via PRISMS of the student not achieving satisfactory course progress within five (5) working days where:

1. The student does not access the Complaints and Appeals process within 20 working days, or
2. Withdraws from the Complaints and Appeals process, or
3. The Complaints and Appeals process results in favour of the College.

The College will not notify DHA while the external appeals process is ongoing and will await the outcome of this process in favour of the College before reporting the student through PRISMS.

If DHA determine that the student's course progress is unsatisfactory, the student may be required to attend an interview with DHA and the Student Visa may be cancelled.

Completion within expected duration of study

While monitoring progress against the course duration is a separate requirement to monitoring course progress for reporting purposes, there may be some overlap in procedures. In order to avoid duplication of effort, at the same time the College monitors course progress at the end of each study period, we also check each student's progress towards completion of the course within the specified duration.

Humber College monitor the workload of students to ensure they complete the course within the duration specified in their CoE and do not exceed the allowable portion of online or distance learning time allocated to them. In monitoring this enrolment load, the College ensures that in each compulsory study period for a course, the student is studying at least one unit that is not by distance or online learning.

A **compulsory study** period is one in which the student must enrol unless granted a deferment or suspension from enrolment or leave of absence under Standard 13 (deferring, suspending or cancelling enrolment). A compulsory study period does not include periods in which the student can elect to undertake additional studies. Generally, a compulsory full-time study load is minimum twenty (20) hours scheduled attendance per week (on average over the study period).

The terms **online learning** and **distance learning** do not apply where the student:

- does not hold a student visa
- is resident in a country other than Australia; and
- is undertaking a unit of study with a registered provider in Australia. Study of this sort is outside of the scope of the National code 2018 (as the student does not hold a student visa).

Humber College only enable students to extend the expected duration of study for the course through the issuing of a new CoE in limited circumstances.

- a. compassionate or compelling circumstances (e.g. illness where a medical certificate states that the student was unable to attend classes or where the registered provider was unable to offer a pre-requisite unit)
- b. the College implementing its intervention strategy for students who were at risk of not meeting satisfactory course progress, or
- c. an approved deferment or suspension of study has been granted via Course Credit.

The College may identify the student's actions constitute misbehaviour, as defined in our Deferment, Suspension or Cancellation policy and temporarily suspend or cancel enrolment.

Except in the circumstances specified above, the expected duration of study specified in the student's CoE will not exceed the CRICOS registered course duration.

Procedure

Students are expected to complete their course within the expected duration of study indicated on their CoE and/or as recorded on the CRICOS register.

At end of each compulsory study period, the Trainer/Assessor will ensure student results are checked to determine students are progressing toward completing their course within the expected duration.

The College will correctly report the student via PRISMS and/or issue a new CoE when the student can only account for the variation/s by extending his or her expected duration of study.

Humber College will record this variation and the reasons for it on the student file.

Students identified as 'at risk' of not completing within the expected duration will be required to attend a Course Progress Intervention Strategy meeting (Standard 10) to discuss ways to support the student.

The final outcome of this strategy may be to report the student to DHA for unsatisfactory course progress or, if the student is maintaining satisfactory course progress as defined in the College's Course Progress Policy, issue a new CoE of a length which will enable the student to finish the course and notify DHA via PRISMS of any extension to the original CoE.

Humber College may allow the student to undertake no more than 25 per cent of the student's total course by distance and/or online learning. However, Humber College will not enrol the student exclusively in distance or online learning units in any compulsory study period.

An international student may choose to enrol in exclusively online or distance education study during a non-compulsory study period, if offered by the College. This study must be counted towards the maximum allowable period of online or distance education of 25% of a student's total course.

If a student studies online or by distance during a non-compulsory study period or attending 40 hours week (if these options are available) and this leads to early completion of the course, the College will notify DHA of the student's early completion via PRISMS.

A copy of this policy is made available to staff and students through the College's website, Student Handbook and student/staff induction.

Deferment, Suspension, Cancellation and Withdrawal

Humber College has in place policies and procedures for assessing, approving and recording a student's deferment, suspension or cancellation of study and students are informed of these prior to enrolment through their Student Handbook. All matters relating to a student's enrolment are recorded in the student's file.

Deferring/Suspending/Cancelling/withdrawing a Course

Deferral, suspension, cancellation or withdrawal of a student's enrolment may affect the student's visa and any change will be reported to Immigration department. Students should refer to the DHA website <http://www.homeaffairs.gov.au/> and/or the DHA Helpline (131 881).

If a student wishes to withdraw/cancel their enrolment, the College will advise DHA and their CoE will be cancelled.

Approval to defer or suspend will only be on the following grounds:

- The student's visa has not been issued
- The College is unable to offer a pre-requisite unit
- Compassionate and compelling grounds such as illness, injury or trauma that impacts on the student
- Serious illness or death of close family member

Students who would like to defer/suspend/cancel/withdraw their studies must first speak to the International Student Support Officer and apply in writing through the Study Defer/Suspend/Cancel/withdraw Request Form available at reception or from our website www.humbercollege.edu.au and must have their request approved by the PEO of the Humber College. Students must submit this form and supporting evidence by mail, fax, email or in person to reception.

Supporting documentation must be attached to the Form as applicable, e.g.:

- Medical certificate
- Death certificate
- Airline tickets - Please note: You must leave Australia at the commencement of the deferral period unless you are too ill to travel.

In granting a student's deferment or suspension of enrolment, or in any way shortening the course, Humber College will inform the student that their Student Visa may be affected, and they should seek further qualified advice and notify DHA via PRISMS within 5 working days.

Students who want to defer their studies please note:

1. If deferral is applied before the course commences and is approved, any amount of fees paid in advance will be transferred to the next study period you are enrolling in.
2. If the deferral/suspension application is made after the course commences, no fees paid in advance will be transferred and will be forfeited by the student.
3. Unless the student's fees for the relevant study period are paid in full, the student's place will not be reserved and the new CoE will not be issued.
4. The student's current CoE will be cancelled and therefore they must apply for a new CoE and contact DHA with regards to extending their Student Visa.
5. If the student wishes to reserve their place in the relevant session, before leaving Australia, they MUST apply for a new CoE from the College. If the student does not intend to return after the approved deferral period and wishes to apply for a refund, please refer to the Refund Policy.
6. Student who wants to withdraw their course prior to commencement and wishes to apply for a refund, please refer to the Refund Policy.

Internal Procedure

1. Check with the trainer regarding the student's course progress.
2. Check that fees are up to date.

3. If all OK, refer to Upper Management for approval. Deferment is only on compassionate or compelling grounds and the student must provide documentary evidence.
4. Upper Management to approve/disapprove.
5. If the student defers without approval, student will be forwarded Course Progress / Fees letters and follow through process.

Provider initiated Suspension and Cancellation

Humber College will take all reasonable steps to resolve any disciplinary matters through our Intervention Strategy. Students are contacted by the Training Manager, Finance Manager or PEO (depending on the issue) to discuss and implement strategies to remedy the situation.

The College may temporarily suspend or cancel the enrolment on the following grounds:

- Misbehaviour by the student as outlined in this handbook:
 1. Non-payment of fees
 2. Disciplinary action required
 3. Academic Misconduct

The above grounds are outlined fully in the section on “Student Behaviour” in this handbook.

Students are advised the College will report their suspension/cancellation to DHA via PRISMS immediately and that this will affect their Student Visa. When Humber College initiates the suspension or cancellation of a student's enrolment, the College advises the student in writing through their Notice to Suspend/Cancel Enrolment letter.

Appeals Process

Students are advised in writing they have 20 working days from expected receipt of notification to access Humber College's internal Complaints and Appeals process should they wish to appeal any decision, unless the College has concern for the welfare of the student or those with whom the student may come into contact. In this instance, the College will cancel the student's enrolment immediately and notify DHA.

If the student appeals the College's decisions whether to defer, suspend or cancel his or her studies, the College will not notify DHA of a change to the enrolment status until the internal complaints and appeals process is completed.

If the student has not accessed or withdraws from the appeals process, the College will still wait the full twenty (20) days before notifying DHA.

The student's enrolment will continue during the internal appeals period however the College reserves the right to exclude them from class, depending on the circumstances as outlined in the Complaints and Appeals policy and procedure.

The student may wish to access an external formal appeals process following the internal appeals process however the College will not postpone notifying DHA of the change to the student's enrolment status because of this.

Once the College notifies DHA of the cancellation of a student's enrolment, the student has **28 days** to find alternative enrolment, to access an external appeals process or to return to their home country.

Transfer between Registered Providers

Under Standard 7 of the National Code 2018, registered providers assess requests from students for a transfer between registered providers prior to the student completing six months of the principal course of study in accordance with their documented procedures. Humber College implements its documented student Transfer between Registered Providers transfer policy and procedure, which is available to staff and students. The policy specifies the criteria and procedures of student transferring into Humber College and students transferring out from Humber College to other providers.

Transfer from other providers.

Under Standard 7 of the National Code 2018, Humber College will not knowingly enrol a student wanting to transfer from another provider prior to the student completing six months of his/her principal course unless:

- a. The original registered provider has ceased to be registered or the course in which the student is enrolled has ceased to be registered, or
- b. The original registered provider has approved the release in PRISMS
- c. The original registered provider has had a sanction imposed on its registration by the Australian Government or state or territory government that prevents the student from continuing his or her principal course, or
- d. Any government sponsor of the student considers the change to be in the student's best interest and has provided written support for that change.

When Humber College accepts a transfer from another provider, and attempts to process the student enrolment, but is alerted by PRISMS that the student is currently enrolled with another registered provider and is yet to complete the first six months of their primary course. Humber College will not complete the enrolment unless authenticated documentation evidence as described above has been presented. Humber College will be responsible for ensuring that adequate evidence has been provided in such exceptional cases. Copies of all relevant documents will be retained on the student's file if the enrolment is completed.

Transfer to other providers

Humber College will only consider approving a request from a student to transfer to other providers without having yet completed at least six months of his/her principle program of study if the student provides a valid enrolment offer from another registered provider and can demonstrate exceptional circumstances. Such circumstances may include:

- Any government sponsor considers the changes to be in the student's best interests;
- Compassionate or compelling circumstances (for example, death of immediate family member or experience in a traumatic event)
 - the international student will be reported because they are unable to achieve satisfactory course progress
 - the registered provider is not able to deliver the course
 - there is evidence that current courses do not meet international student's expectations
 - there is evidence that the international student was misled by the registered provider or an education agent
- an appeal (internal or external) on another matter results in a decision or recommendation to release the international student

Humber College will not grant a letter of release to a student:

- If the transfer may jeopardise the student's progression through a package of courses;
- Within 20 working days of course commencement;
- The student has recently started studying the course and the full range of support services are yet to be provided or offered to the student;
- If the student has any amount of fees overdue.
- If student after accessing complaints and appeal process withdraws from process or process finds in favour of Humber college

If a student transfers to another provider, no refund is provided in accordance with the clause on "Student Default" in the College's Refund Policy.

Procedure:

Applications for release are to be submitted to the International Student Support Officer and must include the following documents;

- A completed 'Student Transfer Request' form with an attached letter detailing their reasons for requesting a transfer to another provider
- A copy of the 'Offer Letter' from the other registered provider
- A copy of supporting documents e.g. death certificate etc.
- Any other documentation student wish to provide to support their request
- Evidence that the student has no outstanding fees due to the College

Humber College will respond in writing to the request within 10 working days. The College will assess the request in accordance with the National Code 2018. If Humber College approves the request, it will be at no cost to student. Release request approval will be recorded in PRISMS and student will be notified accordingly.

If outcome of transfer request goes against the student, then Humber College will issue 'notification of intention to refuse' release letter. If the student is not satisfied with the outcome, they can appeal against this outcome following the Humber College Complaints and Appeals process. Humber College will not finalise the refusal in PRISMS until the complaints and appeal process is not finalised.

Humber College will maintain records of all requests from the students for a letter of release, the assessment of that request, and the decision regarding the request. These documents will be stored in the student's file

Note: Cancellation of a confirmation of enrolment (COE) does not mean that student has been released from the previous registered provider.

Refund Policy

It is important that you read and have the information explained to you within the Refund Policy.

Complaints and Appeals

The *formal complaint or appeals process* is the process that takes place if a *complaint or grievance* cannot be resolved informally (for example, through affected parties discussing the matter).

Internal Complaints or Assessment Appeal Process

Should there be any occasion where there is a complaint or appeal with any of Humber College's services the following steps should be taken to resolve the issue:

1. Discuss or resolve the issue with the other student, trainer or staff member involved. These discussions will not be reported or documented unless the staff member involved considers the matter is relevant to the wider operations of the College, or the student requests the matter be documented and placed in their file.
2. Students may nominate a support person to accompany them to meetings or assist them with the complaints or appeals process at any stage of the complaint/appeal resolution process.
3. If a resolution cannot be reached the student must then complete and submit a Complaints and Appeals Form to the Student Counsellor of Humber College within 10 working days.
4. All complaints and assessment appeals must be in writing and in English.

5. If the matter is regarding an appeal against an assessment decision then the student must notify their trainer or the Student Counsellor of Humber College within 5 working days of receiving the result.
6. Once the complaint or assessment appeal has been lodged with the Student Counsellor it will be registered as a *formal* complaint or assessment appeal and appropriate action will commence within 10 working days.
7. Once the Student Counsellor is able to resolve the complaint or assessment appeal you will receive a written response from the Student Counsellor or their delegate.
8. If the Student Counsellor is unable to provide a satisfactory outcome and the complaint or assessment appeal remains ongoing, then the matter will be referred to the PEO of Humber College.
9. The PEO of Humber College may attempt to resolve the problem through further negotiation, mediation or a determination as to the outcome. Once the PEO is able to resolve the complaint or assessment appeal you will receive a written response from the PEO or their delegate.
10. All formal complaints are documented in the Complaints and Appeals Register by the Student Counsellor and kept in the student's file.
11. Any complaints lodged as a result of or related to criminal activities are outside this process and will be referred to the appropriate authorities or legal representatives.
12. Student enrolment will be maintained during the formal complaints process, however this does not exclude Humber College from reserving the right to suspend a student from attending class or visiting Humber College's campus/es if that is considered necessary during this period class.

Internal Appeal Process

An *appeal* is a request by a student to reconsider a decision made by the College through the internal complaints or assessment appeal process.

1. Students have twenty (20) working days from the date they receive notification of the outcome of a formal complaint or assessment decision to lodge their appeal, if they are not satisfied with the outcome.
2. Students must complete and submit a Complaints and Appeals Form to the Student Counsellor of Humber College within 10 working days of notification.
3. All appeals must be in writing and in English.
4. Once the appeal has been lodged with the Student Counsellor it will be registered as a formal appeal and appropriate action will commence within 10 working days.
5. The Student Counsellor will refer the appeal to the PEO of Humber College who will attempt to resolve the problem through further negotiation, mediation or a determination as to the outcome. Once the PEO is able to resolve the appeal you will receive a written response from the PEO or their delegate.
6. All internal and external appeals are documented in the Complaints and Appeals Register by the Student Counsellor and kept in the student's file.
7. Student enrolment will be maintained during the internal appeals process; however, this does not exclude Humber College from reserving the right to suspend a student from attending class or visiting Humber College's campus/es if that is considered necessary during this period class.
8. If the decision of the complaint or appeal supports the student, then Humber College will immediately implement the decision and advise the student of the outcome.
9. **Delayed Processes**
Delayed processes in the unusual circumstance where Humber College considers more than 60 calendar days are required to process and finalise the complaint or appeal, Humber College will inform the complainant or appellant in writing, including reasons why more than 60 calendar days are required. In line with the importance that Humber College places on open and transparent processes and communication, the complainants or appellant will be regularly updated the on the progress of the matter.

10. All complaints and appeals will be reviewed at Humber College monthly management meetings. Continuous improvement procedures may be actioned when the complaint / appeal procedure results in identification of factors appropriate for improvement to internal operations. When the initial causative factor of the complaint identifies a problem with current Humber College policies and / or procedures, the continuous improvement procedure will ensure changes are made to prevent reoccurrence of the problem.

External Appeal Process

If it is not possible to resolve the matter internally using the internal appeal process, Humber College has an *external appeals* process available to students if they have exhausted the above procedures and still feel unsatisfied.

1. The student can request the Student Counsellor and/or PEO of Humber College to assist them to access an external arbitrating body where they can formally present their case at minimal or no cost to them.
2. This request must be submitted in writing through the Complaints and Appeals form and the College will begin the process within three (3) working days of the student's written request.
3. Students may nominate a support person to accompany them to meetings or assist them with the complaints or appeals process at any stage of the appeal resolution process.
4. All internal and external appeals are documented in the Complaints and Appeals Register by the Student Counsellor and kept in the student's file.
5. Student enrolment will be maintained during the external appeals process, however this does not exclude Humber College from reserving the right to suspend a student from attending class or visiting Humber College's campus/es if that is considered necessary during this period class.
6. If the decision of the complaint or appeal supports the student, then Humber College will immediately implement the decision and advise the student of the outcome.
7. Unless the external appeal is in relation to Unsatisfactory Course Progress, students are allowed one (1) external appeals process to determine the final outcome. This does not stop students from accessing multiple external appeals processes, however the College does not have to await the outcomes of these extra appeals before implementing the appeals decision or reporting the student to DHA. If a student wishes to access another appeals process after being reported, the student will need to discuss this with DHA.

Independent Arbitrators

Independent Arbitrators are available upon request, depending on the case, by ringing:

The Dispute Resolution Branch Brisbane

Telephone: +61 7 3239 6007 Fax: +61 7 3239 0200 Toll free number: 1800 017 288

Address: 1st Floor, Brisbane Magistrates Courts, 363 George Street, Brisbane.

(Students outside Brisbane may use the toll free number. At present there is no fee for this service).

Overseas Students Ombudsman

If you wish to lodge an external appeal or complain about this decision, you can contact the Overseas Students Ombudsman. The Overseas Students Ombudsman offers a free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider. See the Overseas Students Ombudsman website www.oso.gov.au or phone 1300 362 072 for more information.

If an overseas student is concerned about Humber College as a provider, then they may approach the Australian Skills Quality Authority (ASQA) who the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers to ensure nationally approved quality standards are met. This authority has the power to suspend or cancel Humber College's institutional registration or any course registration if a breach of the requirements of registration provision is proved.

DHA

The student can contact the ESOS helpline 02 6240 5069 or make enquiries to Australian Education International at aei@innovation.gov.au or 1300 615 262. The student may send through a complaint at any point, including after he or she has exhausted the provider's internal appeals process and the external appeals process. DHA will only intervene where the provider's appeals process was not conducted correctly or if the provider did not make the appeals process available to the student.

Please note: The dispute resolution policy outlined in this handbook does not prevent an overseas student from exercising the student's right to other legal remedies including taking action under Australia's consumer protection laws in the case of financial disputes. Any disputes will be settled under Australian Law.

Change of Education Agent

Humber College's policy only supports the change of an Education Agent at completion of a course, not throughout the course. Students must provide the International Student Support Officer with a letter from the student acknowledging a change of agent.
